

EU product fiche according to regulation (EU) No 1061/2010

Trade mark	Hoover
Model	H3WS 495TE-S
The rated capacity in kg of cotton for the standard programmes "60°C cotton" or "40°C cotton" at full load, whichever is the lower.	9
Energy efficiency class from A+++ (highest efficiency) to D (lowest efficiency)	A+++
Weighted annual energy consumption in kWh/year based on 220 standard washing cycles for cotton programmes at 60°C and 40°C at used.	218
Energy consumption (kWh) of the standard programme "60 °C cotton" at full load	1,21
Energy consumption (kWh) of the standard programme "60 °C cotton" at partial load	
Energy consumption (kWh) of the standard programme "40 °C cotton" at partial load	
Power Consumption in Off-Mode (W), EN 62301	
Power consumption in "left-on mode" (W)	
Weighted annual water consumption (litres/year) based on 220 standard washing cycles for cotton programmes at 60 °C / 40 °C at full / partial load. Actual water consumption will depend on how the appliance is used.	10600
Spin speed on a scale of G (lowest efficiency) to A (highest efficiency)	B
Max. spin speed attained for the standard 60°C cotton programme at full load or the standard 40°C cotton programme at partial load or the standard 40 °C cotton programme at partial load, whichever is the greater.	
Residual moisture in the standard programme "cotton 60 °C" at full load or standard programme "cotton 40 °C" at partial load, whichever is the higher amount is significant (%)	
Programme time of the standard programme "60 °C cotton" at full load (minutes)	
Programme time of the standard programme "60 °C cotton" at partial load (minutes)	
Programme time of the standard programme "40 °C cotton" at partial load (minutes)	
Airborne acoustical noise emissions expressed in dB(A) re 1 pW and rounded to the nearest integer during washing phases for the standard programme "60 °C cotton" at full load.	61
Airborne acoustical noise emissions expressed in dB(A) re 1 pW and rounded to the nearest integer during spinning phases for the standard programme "60 °C cotton" at full load.	79

Duration of the left-on mode, if the household washing machine is equipped with a power management system (minutes)	
Built-in appliance	No

Note: The programmes “cotton 60 °C” and “cotton 40 °C” are the standard washing programmes to which the information in the label and the fiche relates. These programmes are suitable to clean normally soiled cotton laundry and are the most efficient programmes in terms of combined energy and water consumption.
